Community Perspectives 2019 Survey Summary

Grants

The Community Perspectives 2019 Survey was created through Survey Monkey and distributed to previous and current CIF grant applicants and recipients in January 2019. **We received a total of 483 responses!**

Our Board wishes to thank everyone who took the time to complete the survey. The results have provided CIF with valuable feedback and will help inform future program improvements as CIF strives to ensure its grant programs are meeting community needs.

Following are key highlights from the survey.

The majority of respondents rated their experience with CIF as a funder as **very good** followed closely by **excellent**.

The majority of respondents rated their experience using the new online grant platform as either **good**, **very good**, or **excellent**.

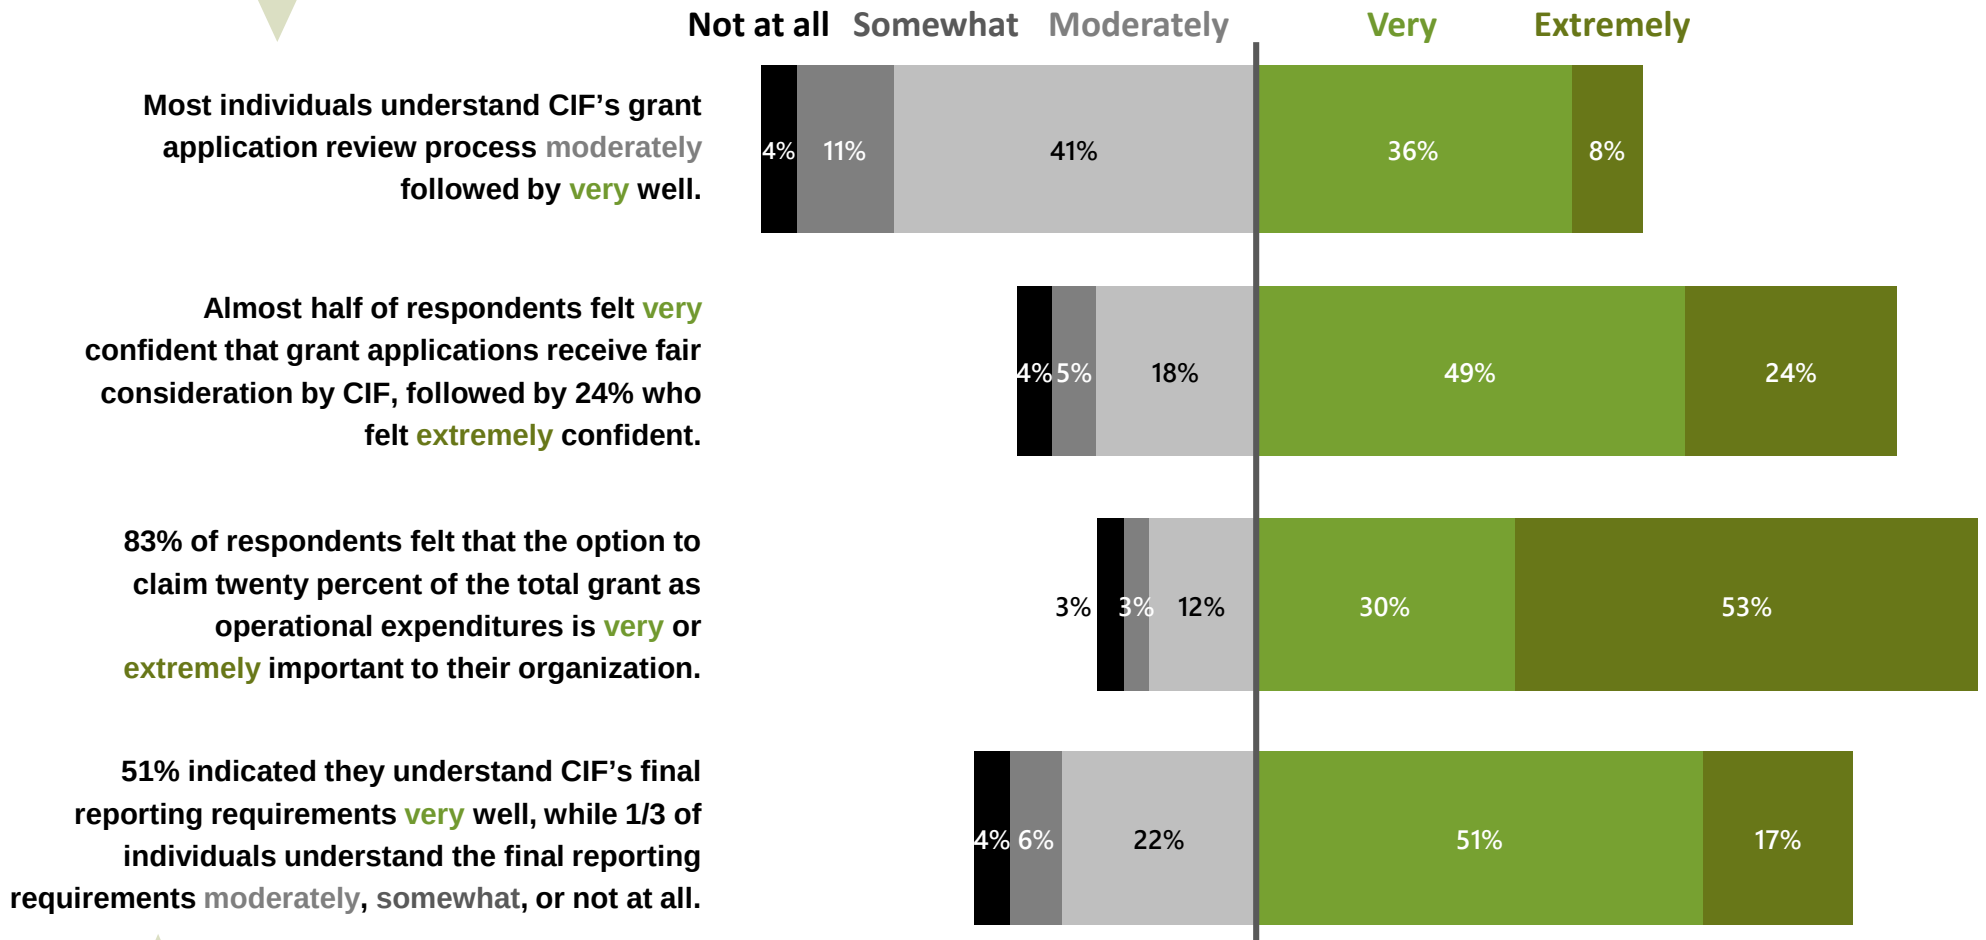

Most respondents felt CIF's funding priorities were **very** or **extremely** relevant.

Grants continued

To address this, we are enhancing our communications to further highlight our application review process, including more information about the composition of CIF's adjudication committees. Check out our [May 2019 Grant Tip](#) for more information.

To assist grant recipients with CIF's final reporting requirements we are developing a guide to completing final reports as well as a Sample Final Report. Look out for these resources soon!

Communications

68% of individuals receive their information about CIF through the e-update, followed by the website.

41% of respondents always read CIF's e-updates.

Most respondents indicated the e-update was good or very good.

59% of respondents contacted CIF staff during their grant application process.

Out of the respondents that contacted CIF staff for assistance, the majority rated their experience as very good or excellent.

Demographics

27% of CIF survey respondents reported their nonprofit organization's approximate annual revenue is \$49,999 or less.
