Investing in Saskatchewan Communities

**People working together,
helping each other,
getting things done.**

That's community. Whether in bustling cities, rural villages or northern hamlets, the spirit of thriving communities is at the very heart of Saskatchewan people. People with vision and pride, determined to make their communities safe and inviting ... and the best they can be.

Community
Initiatives Fund
program delivery
exemplifies
knowledgeable
and effective
investments
that strengthen
the capacity of
communities
throughout
Saskatchewan.

Created with
Saskatchewan people
in mind, programs
through the Community
Initiatives Fund

help residents
build vibrant,
resilient and
sustainable
communities.

Community Initiatives
Fund programs are
structured as grants that
help foster community
development, inclusion
and leadership ...
attributes that contribute
to enhanced quality of
life for residents.

Grants through the Community
Initiatives Fund primarily enhance
community-led projects that
benefit children, youth and
families. These projects may
include childhood development,
youth involvement and volunteer
engagement. The Community
Initiatives Fund could also
support projects for increased
physical activity or those that
contribute to the overall health
and well-being of residents.

Grants may also support small
capital projects or events that
enhance community pride,
celebrate diversity or mark an
anniversary. Projects involving
youth leadership or Aboriginal
inclusion, or those reducing
financial or physical barriers to
participation, are also eligible.

The Community Initiatives Fund
is founded on a commitment
to help communities build,
strengthen and sustain their
capacity—and propensity—for
greatness.

Your volunteer-based,
charitable or non-profit
organization may benefit
from a partnership with the
Community Initiatives Fund.
